It's probably just stress.

And I think something like that is happening at home...

But I always get myself too involved in it, even though...

In an educational sense, teaching what is right and wrong is a noble thing to do.

I am the same.

Because...

Really?

You need the right balance of it, not too much and not too little...

It's hard to be a parent figure, you need a certain amount of mental strength and health!

I feel like I'm the greatest guy there of
